<b>CARRIED</b>	

## 3.0 GENERAL BUSINESS

### 3.1 Electors Questions

Summary of Questions	Summary of Responses Given
<b>1. John Bell - Mount Helena</b>	
1. Would Council please consider incorporating in the 2025-26 budget a provision for a group training / facilitation scheme to assist landowners to provide short term camping / caravanning / B &B in the shire?	Director Statutory Services advised whilst the Shire is looking at ways in which to encourage and promote tourism within the district, it is important that such land uses are appropriately located having regard to the applicable bushfire, health, environmental and town planning requirements, amongst others.  In the near future the Shire will be advertising Amendment no.19 to LPS4, the purpose of which is to implement recent changes made by the State Government to the Planning and Development (Local Planning Schemes) Regulations 2015 relating to short term rental accommodation. Details regarding the advertising period and the

	amendment report will soon be available on the Shire's Engage Mundaring website. Further the Shire is in the process of reviewing its local planning scheme.

Summary of Questions	Summary of Responses Given
<b>2. Christian Jackson-Stegner</b>	
1. Is the Shire of Mundaring able to communicate the public health concerns to all higher levels of government in form of written letters, requiring public answers for his residents regarding the human DNA contamination in the COVID-19 vaccines.	The Acting Chief Executive Officers advised that this is similar to questions asked at recent Council meetings, and as previously, the Shire of Mundaring won't be responding to this request as it is of the view that this is not a local government matter and that it is a State and Federal Government responsibility.

### 3.2 Electors Motions

#### 3.2.1 Review of recreational potential for Mundaring Weir

<b>MOTION</b>	<b>AEM1.02.25</b>
Moved by: John Bell	Seconded by: Tom Burbidge
Council prioritises its advocacy program for 2025-26 to include advocacy for a State funded, independent expert, review of the recreational potential for the Mundaring Weir and its catchment area.	
<b>CARRIED</b>	

#### 3.2.2 Changes to the Town Planning Scheme

<b>MOTION</b>	<b>AEM2.02.25</b>
Moved by: John Bell	Seconded by: Tom Burbidge
That Council implements urgent changes to the Town Planning Scheme or amends the zoning table to allow the use of larger blocks for low intensity, short stay, camping / caravanning.	
<b>CARRIED</b>	

### 3.2.3 Grounds maintenance at Brown Park

<b>MOTION</b>	<b>AEM3.02.25</b>
Moved by: Parul Chauhan	Seconded by: Paris McNeil
<p>That the Shire of Mundaring Council conduct the following additional works to grounds at Brown Park to ensure high quality turf for competition cricket:</p> <ol style="list-style-type: none"><li>1. Topdressing to be done between footy and cricket seasons preferably (August/September).</li><li>2. Coring and dethatching renovations carried out in between sports seasons (August/September).</li><li>3. Increase fertility to ovals with correct macro and micronutrients.</li><li>4. Eradicate weeds.</li><li>5. Manage insects during spring and summer that damage the root system of the turf causing it to appear like suffering from drypatch; and</li></ol> <p>To present the attached maintenance program for consideration by the Shire Officers.</p> <p style="text-align: right;"><b>CARRIED</b></p>	

### 4.2.2 Letters to West Australian Ministers - Immediate action on COVID-19

<b>MOTION</b>	<b>AEM4.02.25</b>
Moved by: Beth Bonfiglio	Seconded by: Mary Harkness
<p>From the Shire of Mundaring letters to West Australian ministers requesting Immediate Action on COVID-19.</p> <p>Motion from the people of the Shire of Mundaring, if voted in at the Electors Meeting 2025 at the Shire of Mundaring, then presented towards the named below officials through the CEO of the Shire of Mundaring.</p> <p>We, the electors of the Shire of Mundaring, request that the council instruct the CEO to write to the following:</p> <p>The WA Premier The WA Department of Health and The WA Minister for Health</p> <p>1. Acknowledgement of Exhibits and Findings:</p> <p>The Shire of Mundaring Council acknowledges the findings outlined in the following exhibits, which are yet to be tested by an Australian laboratory under the same conditions as Dr. David Speicher' s report, as referenced in the Port Hedland motion. These findings, which have been validated by laboratories globally, are as follows:</p> <p>Exhibit 1: Dr. David Speicher' s Report Exhibit 2: Letter from The Honourable Russell Broadbent MP, Federal Member for Monash, dated 20 September 2024 Exhibit 3: Follow-up letter from The Honourable Russell Broadbent MP, dated 25 September 2024</p> <p>Following the recent Dr Speicher report indicating the contamination of COVID19 vaccination vials. Most recent reports indicate that 75 individuals have tested positive for synthetic DNA contamination in COVID-19 vaccines. This finding raises significant concerns about the safety and integrity of these vaccines.</p>	

If the contamination reports turn out to be true, these findings bear a significant impact on the incidence of cancer and reduce the individuals' ability to fight cancer naturally with killer T cells. We find it very concerning that when we go to the AIHW website for the latest incidences of cancer, there are only predictions and no real figures since 2020.

In light of these concerns, we, the people of Mundaring Council, are very concerned that the TGA, our health ministers and powers in Parliament are touting 'misinformation' without an independent investigation.

1. To urge the immediate suspension of the use of all COVID-19 vaccines in Australia  
2. To engage a body of qualified experts, including the Chief Health Officer and Gene Technology Technical Advisory Committee, to conduct a comprehensive science-based evaluation of emerging evidence regarding synthetic DNA contamination in the Pfizer and Moderna COVID-19 vaccines.

3. Request a letter from the above officials addressing these concerns. Insist that all new findings and decisions be communicated openly to the Shire of Mundaring for public communication.

4. To investigate excess deaths and hospitalisations in Western Australia following vaccine rollouts, specifically

4.1 Prior to the reopening of state borders, and

4.2 Over the long term.

5. To express concerns about potential failings in the Therapeutic Goods Administration (TGA) testing protocols, specifically their inability to detect synthetic DNA contamination in the Pfizer and Moderna vaccines

## 5.2.2 Royal Commission into COVID-19

<b>MOTION</b>	<b>AEM5.02.25</b>
Moved by: Beth Bonfiglio	Seconded by: Mary Harkness
From the Shire of Mundaring letters requesting a Royal Commission into COVID-19. We, the electors of the Shire of Mundaring, request that the council instruct the CEO to write to the following:	
<ul style="list-style-type: none"><li>- His Excellency the Honourable Governor of Western Australia, Chris Dawson</li><li>- His Excellency the Honourable Governor-General of Australia, Sam Mostyn</li><li>- The Commonwealth Department of Health and Aged Care</li><li>- The Prime Minister</li><li>- Opposition Leader Peter Dutton</li></ul>	
In light of ongoing concerns regarding COVID-19, the people of the Shire of Mundaring Council express significant apprehension about the management of health measures by the Therapeutic Goods Administration (TGA), health ministers, and relevant parliamentary authorities. We are deeply concerned that these measures may have	

caused more harm than protection to the public. We request that the Shire advocates for the launch of a Royal commission into all operations of COVID19.

eir rollout in Australia, with particular attention to any redacted sections. These documents should be made publicly available.

Request for Commission Documents:

The Shire of Mundaring requests regular updates on the progress of this investigation and any potential Royal Commission. We also request that any information suitable for public release be shared with the Shire.

We request the Royal Commission also examine the following:

A) To engage a body of qualified experts, including the Chief Health Officer and Gene Technology Technical Advisory Committee, to conduct a comprehensive science-based evaluation of emerging evidence regarding synthetic DNA contamination in ALL COVID-19 vaccines.

B) Review the policies, systems, and communication strategies employed during the pandemic at the federal, state, and local levels, and propose amendments to relevant acts and policies.

C) Identify lessons learned to improve future public health responses and disaster preparedness.

D) Reopen claims for COVID-19 vaccination injuries, including those closed in 2024.

E) Establish compensation and provide free medical support for all individuals affected by COVID-19 vaccination injuries.

F) Investigate the responsibility of the TGA, Federal and State governments, and vaccine manufacturers in the COVID-19 vaccine rollout.

G) Examine the clinical trial data for Pfizer, Moderna, and AstraZeneca vaccines prior to their rollout in Australia, with particular attention to any redacted sections.

These documents should be made publicly available. Request for Commission Documents:

The Shire of Mundaring requests regular updates on the progress of this investigation and any potential Royal Commission. We also request that any information suitable for public release be shared with the Shire

Acknowledgement of Exhibits and Findings:</p> <p>The Shire of Mundaring Council acknowledges the findings outlined in the following exhibits, which should have been tested by an Australian laboratory under the same conditions as Dr. David Speicher' s report, as referenced in the Port Hedland motion.</p>	

These findings, which have been validated by laboratories globally, are as follows:

- Exhibit 1: Dr. David Speicher's Report
- Exhibit 2: Letter from The Honourable Russell Broadbent MP, Federal Member for Monash, dated 20 September 2024
- Exhibit 3: Follow-up letter from The Honourable Russell Broadbent MP, dated 25 September 2024

2. Correspondence and Action Requests:

1. To engage a body of qualified experts, including the Chief Health Officer and Gene Technology Technical Advisory Committee, to conduct a comprehensive science-based evaluation of emerging evidence regarding synthetic DNA contamination in the Pfizer and Moderna COVID-19 vaccines.
2. To investigate excess deaths and hospitalisations in Western Australia following vaccine rollouts, specifically:
  - 2.1 Prior to the reopening of Commonwealth of Australia borders, and
  - 2.2 Over the long term.
3. Request a letter from the Prime Minister and the above officials addressing these concerns. Insist that all new findings and decisions be communicated openly to the Shire of Mundaring for public communication.
4. To express concerns about potential failings in the Therapeutic Goods Administration (TGA) testing protocols, specifically their inability to detect synthetic DNA contamination in the Pfizer and Moderna vaccines
